

Demographic Questionnaire

- 1 Please enter your email address.
- 2 Please select your age group.
 - 18–30
 - 31–40
 - 41–50
 - 51–60
 - 61–70
 - 71 and above
- 3 Gender.
 - Woman
 - Man
 - Non-Binary
 - I do not wish to answer
- 4 Please check all that apply to proceed further.
 - ☐ I am 18 years or older.
 - ☐ I have read the consent form provided in the email.
 - ☐ I consent to participate in this interview-based research study.
- 5 Which of the following best describes the highest level of formal education that you've completed?
 - I never completed any formal education
 - 10th grade or less (e.g. some American high school credit, German Realschule, British GCSE)
 - Secondary school (e.g. American high school, German Realschule or Gymnasium, Spanish or French Baccalaureate, British A-Levels)
 - Trade, technical or vocational training
 - Some college/university study without earning a degree
 - Associate degree (A.A., A.S., etc.)
 - Bachelor's degree (B.A., B.S., B.Eng., etc.)
 - Master's degree (M.A., M.S., M.Eng., MBA, etc.)
 - Doctoral degree (Ph.D., Ed.D., etc.)
 - Prefer not to disclose
 - Other: _____
- 6 What was your primary field of study?
 - Computer Science (such as computer engineering, software engineering, web development, etc.)
 - 10th grade or less IT/Cybersecurity
 - Other engineering disciplines (such as civil, electrical, mechanical, etc.)
 - I never declared a major.
 - Other: _____
- 7 Which of the following statements describes the security-related training you have received?
 - ☐ I received security-related training through an event organized by my employer.
 - ☐ I learned security-related concepts while working.
 - ☐ I received security-related training at school/college/university.
 - ☐ I received security-related training at a workshop/seminar.
 - ☐ I received security-related training with online courses.
 - ☐ I am self-taught.
 - ☐ I have never received security-related training.
- 8 How many total years of experience do you have in computer security? 'Experience' includes years at work or studying in a security-related field.
- 9 What is your current job title?
- 10 In which sector does your organization fall?
- 11 How would you classify the size of your organization or academic institution in terms of employees or students?
 - Small (1 – 50)
 - Medium (51 – 500)
 - Large (501+)
- 12 Please estimate the number of members in your team. If you work alone, enter '0'.
- 13 Please select all that are true about your team and your daily activities
 - ☐ My team has a security focus in its current field of activity.
 - ☐ My team does not have a security focus in its current activity.
 - ☐ I work on security-relevant tasks in my field of activity.
 - ☐ I do not work on security-relevant tasks in my field of activity.
- 14 Please briefly describe your daily activities in your current role. You may also include some details about your team interactions if it helps you describe your activities better.
- 15 Has your organization adopted remote work policies, especially in response to recent global events? [Yes / No]
- 16 How would you classify the sensitivity of the data your organization handles?
 - Not Sensitive (e.g., publicly available information)
 - Moderately Sensitive (e.g., proprietary business data)
 - Highly Sensitive (e.g., personal health information, financial data)
- 17 Approximately what percentage of your organization's IT budget is allocated to cybersecurity initiatives?
- 18 Is your organization or academic institution currently implementing or considering the adoption of Zero Trust principles and strategies in its cybersecurity approach? [Yes / No / Unsure]
- 19 Please select the best option that helps capture your familiarity with the cybersecurity paradigm of Zero Trust.
 - Not at all familiar
 - Slightly familiar (fundamental awareness and basic knowledge)
 - Somewhat familiar (limited experience)
 - Moderately familiar (applied theory and practical knowledge)
 - Extremely familiar (recognized authority)
- 20 Please provide details regarding your selection of familiarity with Zero Trust.
- 21 Please specify your areas of expertise related to Zero Trust by selecting one or more options from the choices provided below. If you have knowledge in an area that isn't listed, feel free to mention it in the 'Other' option.
 - ☐ Network and Endpoint Security
 - ☐ Identity Governance and Access Control
 - ☐ Cloud Data Protection and Encryption
 - ☐ Cybersecurity Policy and Strategy
 - ☐ Risk Assessment and Management
- 22 If you selected 'Other' for the above question, please use the text box to provide details about your areas of expertise.
