

Interview Protocol

Part 1: Beginning

- Introduce yourself and thank the interviewee for their time.
- Explain what the project is about and how the interviewee's participation helps.
- Mention that it will take approximately 60 minutes and that we can stop any time.
- Present consent form and explain confidentiality and anonymity.
- Ask for permission to record.
- Ask if the interviewee has any questions before we begin.
- Start recording if the interviewee gave permission.

Part 2: Interview

- Use the "Interview Questionnaire" document to engage with the interviewee.

Part 3: Conclusion

- Thank the interviewee and stop the recording.
- Ask if the interviewee can recommend anyone else for an interview. If so, ask them for more details about contacting others.
- Ask if the interviewee has any final questions or any feedback on our study.
- Discuss study compensation details.
